Premium investment-residence complex in the heart of Batumi

- An infrastructure created by the fusion of functionality and elegance
- Vintage-inspired architecture
- Views over the scenic Batumi boulevard

Alpha
Architecture

The architectural project was conceived by Alpha Architecture – A renown company well-known for its many years of experience

The 13 meter columns are the pinnacle of architectural ingenuity, which creates an unique and distinctive exterior. The Piazza-inspired architecture transmutes the very soul of Italian courtyards through time and space, furnished with its fountains and high-class services.

The architectural ethos of **Piazza Residence** is the harmonization of the past and the present
